

Budget Application „T3Docs SIG Screenshots“

I General Information

Budget Period

01.01.2021 – 31.12.2021

Deadline

05.02.2021

Project

Project Name

Automatically capture screenshots for the official documentation

Description

Have a script that automatically captures all reproducible (TYPO3 Backend or Frontend), non-edited (arrows, boxes, numbers) screenshots. Have a clear steps of reproduction for screenshots that have to be reproduced manually. Document the screenshot tool. Have clear steps for ppl who want to add new screenshots to the official documentation. Make sure the tool either runs locally on Linux, Mac and Windows or on the Server like bamboo such that it can be used by a large number of contributors.
